### FOR IMMEDIATE RELEASE

## THE LINC GROUP NAMES IRVINE AS COMPANY HEADQUARTERS

**IRVINE, Calif. — January 23, 2007 —** The Linc<sup>®</sup> Group (TLG), one of the nation's most successful, single source providers of high value facilities management and building system services, today announced its Irvine, California office will become the company's corporate headquarters. Previously, the company divided its headquarters between Houston, Texas and Irvine.

“Designating the Irvine facility as the sole headquarters simplifies operations and creates less confusion for the public,” said Tracy Price, president and CEO of TLG. “Our clients and partners will see very little change in our day to day operations. What they will see is a continued focus on revolutionizing the building services industry through the delivery of innovative solutions and high quality services.”

### **About The Linc Group**

In its quest to optimize the overall performance of customer facility infrastructures, TLG offers premier on-site facility operations and management services, mobile HVAC preventative maintenance service programs, and bundled energy solutions. Structured from three established industry leaders — Linc Facility Services, Linc Network, and Linc Mechanical Services — TLG unites the companies through a unique business methodology and technology framework that blends innovation, technology, collaboration, and quality. Collectively, TLG companies service more than 16,000 facilities in 45 states and in select international markets through a professional workforce totaling more than 3,000 employees.
