FOR IMMEDIATE RELEASE

LINC FACILITY SERVICES CUSTOMER AT&T PARK RECOGNIZED AS 2008 SPORTS FACILITY OF THE YEAR

Washington, D.C. — July 18, 2008 — Linc Facility Services[®], a leader in technology and high-value facility management and operational support services, announced its customer — AT&T Park in San Francisco — has been selected as the 2008 Sports Facility of the Year by *SportsBusiness Journal* and *SportsBusiness Daily*. The award was presented May 29th in New York City.

AT&T Park was recognized as part of the inaugural Sports Business Awards program, presented by Street & Smith's *SportsBusiness Journal* and *SportsBusiness Daily*, the two leading publications on the business of sports. The Sports Business Awards recognize excellence and outstanding achievement in the sports industry.

For years AT&T Park has been appreciated as one of the most beautiful ballparks in the country. It was chosen for this award because of its presentation, versatility, and innovation. Linc's solid and comprehensive operation of the million square-foot stadium complex has helped the park earn its world-class reputation.

Linc Facility Services has been the sole maintenance provider for the park since its opening in 2000. A 20-member Linc team is always on site working seven days a week, 365 days a year to help the park run at optimum efficiency. With Linc's help, the park — home to Major League Baseball's San Francisco Giants — was able to host more than 400 events last year and gain this national recognition.

“We are responsible for maintaining every aspect of the facility from electrical to equipment to painting to plumbing,” said Linc Facility Manager Pat Rogan. “Year after year we have ensured everything looks good and works flawlessly — not an easy feat for a facility that is located 50 feet from the San Francisco Bay and a very harsh marine environment. We are very proud to have helped our customer win this award and share in their success.”

The park was chosen from a list of more than 450 overall entries in several categories.

About Linc Facility Services

Headquartered in Washington, D.C., Linc Facility Services is a business-to-business productivity partner and a leader in technology and high-value facility services. Since 1979, the company has been delivering services to a diverse range of corporate, institutional, and government clients throughout the United States and around the world. Through a network of regional offices, Linc Facility Services and its subsidiaries provide differentiated and innovative facility management solutions that drive quality, efficiency, and a reliable means to superior results. As a “partner in productivity,” the company's goal is to deliver solutions that enable its clients — including airports, military installations, sports venues, financial institutions, healthcare facilities, schools, and manufacturing plants — to save valuable time and money and operate at their highest levels of performance. Linc Facility Services is a business unit of The Linc Group[®], LLC. For more information about Linc and the services it offers, visit www.lincfacilityservices.com.

About The Linc Group

Irvine, CA-based The Linc Group is one of the premier providers of business services — including on-site integrated facility operations management and training services; commercial mobile heating, ventilation, and air condition (HVAC) services; commercial and residential lighting and electrical preventative maintenance and repair; and bundled energy solutions — in the world. Structured from four established industry leaders — Linc Facility Services, Linc Network, Linc Mechanical/Linc Services, and Linc Lighting & Electrical Services — The Linc Group unites the companies through its unique business methodology and Microsoft Pinnacle award-winning technology framework. Collectively, TLG companies service more than 20,000 facilities in 45 states and in select international markets through a professional workforce totaling 4,100 employees.
